

HELLO FRIEND! WELCOME TO KISOBOKA AFRICA'S FIRST NEWSLETTER OF 2022

More School Communities are being onboarded onto our SCOPA Program. Kisoboka now has 69 SCOPAs.

Our Programs Team is doing amazing work sensitizing communities in rural Lwengo and forming New SCOPAs. Seen above is our Programs Lead speaking to Kasana School parents about the benefits of saving and school community banks. Kisoboka Africa has already created 69 SCOPAs and our aim is to have 100+ by end of 2022. When parents save and are economically empowered, it becomes easy for them to sufficiently educate their children and transform their families. All this is being done with support from the [M Night Shyamalan Foundation](#).

Our Programs lead in action as he talks to parents at a rural school

Our Team Leader is Profiled by the MNS Foundation on their website

Our team leader was recently profiled on our partner @MNSFund website. We are grateful for their great support to us in catalysing economic opportunities for the underserved. To read more about his story and Kisoboka Africa.. check out this link - <https://mnsfoundation.org/leader/katende-stephen/>

Exciting News! We have a new Technology

Partnership with the Muellners Foundation

We are happy to be accepted into the [Muellners Foundation](#) Serenity Partners Program. Through this partnership, we shall work together to advance Digital Financial Inclusion and prosperity for the underserved communities by harnessing

opensource technologies 🤖 . This will be building on our recently ended partnership with the Roddenberry Foundation to digitise SCOBAs in rural Uganda. We also participated in an Open Podcast on Muellners Foundation media channels. The video can be accessed on YouTube here https://www.youtube.com/watch?v=05-KI_lrbJ4&t=823s and twitter link <https://twitter.com/i/broadcasts/1djGXPdpldyGZ>

Our Co-founder Bruce is chosen on the Core Working Committee of Muellners Foundation

We also congratulate our very own BruceTushabe on being appointed on the Core Working Committee of Finscale, a Financial Technology project of Muellners Foundation. This will advance our digital financial inclusion agenda in Uganda/Africa and beyond. We are excited about the possibilities this appointment brings especially for the underserved.

STORY FROM THE FIELD

He owns the only Bicycle Repair Shop in his Community

Meet this inspiring entrepreneur who runs the only bicycle repair shop in his community. He is also a member of a Kisoboka SCOPA group at Mayira P/S where he saves part of his income for investment & his children's education. He uses his phone to track his SCOPA saving progress. He is among the more than 2000 SCOPA members that are benefiting from Kisoboka Africa programs.

Consider supporting our work of breaking barriers to prosperity
for the underserved by donating to our work here
